

## AUTO OPEN CLAM

With a patented magnetic auto open feature, over-application and ruined garments are things of the past. An over-the-center pressure adjustment allows for even, edge-to-edge heat and pressure, a digital display takes the guesswork out of pressure settings, and the Twin Timer™ is great for pre-heating or two-step applications.

## BIG PROFITS IN A SMALL SPACE

In addition to ending over-application, the Hotronix<sup>®</sup> Auto Open Clam features a compact clamshell design, making it the perfect press for a crowded workspace. Requiring only a small footprint, the wide opening still allows for easy positioning of garments and design layout.

*Hover mode option also available for pre-curing DTG designs*

## AUTO OPEN CLAM

### PERFORMANCE

#### Patented Features:

Over-the-center pressure adjustment

Magnetic auto open

Magnetic assist lock down

#### Plus:
